

Dear Students,

The purpose of this evaluation survey is to collect your opinions on the course for enhancing and improving the quality of teaching and learning. The data collected will be used as support by the professor to have a better understanding of the students' viewpoints on their teaching method and be able to modify their pedagogy in the future. By completing this evaluation, you are helping us to improve the course. Please fill in the form seriously. The results will be present anonymously, you can fill in this evaluation survey at ease. Thank you.
